

Rearview Camera RK1703B

Description

Rear color camera for busses and trains with infra red

Item number

VZM300047

Main features

- Lins with 88°
- easy installation
- BNC/AMP connectors
- Internal synchronization
- Infrared-function

Sensor	1/3" Interline Transfer CCD
System	PAL, 625 Zeilen, 50 half frames/s 50Hz (vertical) / 15.625 (horizontal)
Backlight compensation	Automaticly
Synchronization	intern (very fast)
Sensitivity	0.1 Lux (0.001 with active infrared LED)
Horizontal resolution	330 TV-Linien
Pixels	about. 320 000
Signal-/Hiss-Interval	> 48dB (AGC off)
Linear shutter (ESC)	1/60 bis 1/100 000 sec., depending on light conditions
Video output	1 Vss, BAS, 75 Ohm
Gamma correction	about 0.45
Lens	2.5mm
Operating voltage	12V DC
Installation type	Outside
Power consumption	max. 2.5W
External connections	Video (BNC/AMP), 12 VDC-Input
Temperature range	-30°C ... +60°C

Dimensions	20 x 26 x 25mm (W x H x D)
Weight	about 280g
Certification	E11
